**Subject:** RE: 2017-01-13 201863 Draft Stogumber Neighbourhood Plan (Taunton Deane)

Dear Ann

Our ref: 201863

Hope you're well and happy new year. Please be advised that Natural England has no comments to add in addition to our advice in our previous letter of 29 January 2016 (draft NDP consultation) and 10 November 2016 (SEA screening consultation).

Kind regards

Oli

<http://www.gov.uk/natural-england>

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

Natural England offers two chargeable services that help proposers ensure that their projects have considered the natural environment as early as possible. This increases the chances of good outcomes for the project and for the environment.

The Discretionary Advice Service (**DAS**) provides a range of advice on development proposals and the Pre-submission Screening Service (**PSS**) provides advice for protected species mitigation licence applications.

These services help applicants take appropriate account of environmental considerations at an early stage of project development, reduce uncertainty, reduce the risk of delay and added cost at a later stage, whilst securing good results for the natural environment.

In an effort to reduce Natural England's carbon footprint, I will, wherever possible, avoid travelling to meeting and attend via audio, video or web conferencing.
